 Easy-to-Carry Handles  
 Dual Vents  
 Anti-Fog Domes  
 Opening Tab  
 Ribbed Bottom Base Design  
 Clear, Light Weight, and Durable  
 Reusable / Resealable  
 Polypropylene  Material

## Benefits

- Adds convenience and flexibility
- Provides an upscale package and a clear view of rotisserie chicken
- Adds safety and provides a convenient way to Grab&Go™
- Allows for steam release and reduces condensation. Vents open when pressure builds
- Enhances clarity for optimal merchandising in and out of the hot case
- Allows for easy opening without disturbing food
- Keeps food away from excess liquid, increasing customer satisfaction and repeat sales
- Allows for easy, safe, and convenient portability
- Heat and serve
- Recyclable. Resistant to greases and oils.

### Microwave Safe

Foods that can be heated quickly are convenient and desirable for today's hurried consumer.

*(Pictured – Roaster being placed in microwave. Always use the "burn-free" carry handles when removing roaster from the microwave.)*

### Leak Resistant

The **leak resistant** feature maintains food quality freshness and reduces messy spills. During testing, after 8 minutes in a microwave, the container retained its original structural integrity and leak resistant features.

### Stackable

Provides **secure stacking** for effective transport, merchandising and ease of handling. The uniquely placed lid **vents** allow for steam release even while roasters are stacked.
