

Hillshire Farm® & PWP® Partners in Innovation

Hillshire Farm wanted a problem-solving partner—and found us.

When the Hillshire Farm brand needed a special package for a groundbreaking new product concept, they partnered with PWP. They knew of our quality products and ability to solve problems through innovation.

In Hillshire Farm's case, the innovation was PWP's proprietary Tamper-Resistant™ packaging. Strong, crystal-clear, resealable and made from PETE (the world's most recycled plastic), it has a patent-pending closure that keeps multiple salad components secure and fresh. Hillshire Farm's reaction? Case closed. And locked.
